BIORHYTHM CHARACTER ANALYSIS AND COMPATIBILITY is used in this newsletter. The news media says what happened, THE TRUTH tells why. Each day has its own set of biorhythm numbers. They tell our true character just as astrology does. This is much easier. To do a chart that shows the ups, downs & critical days, another set of numbers would need to be added to the personal numbers. The personal numbers tell what we are like in our heart.

KING NATIONAL HOLIDAY

Some want to make a national holiday of Jan. 15th the birthday of Martin Luther King Jr. Born 1-15-29

Confidence	20 (74%)	Personal
Emotional	0 (100%)	Biorhythm
Mental	7 (58%)	Numbers

Some say another holiday will cost the taxpayer too much money. Others say what King did for society was more important.

Jesse Helms born 10-18-21

Confidence	21 (83%)	Personal
Emotional	14 (0%)	Biorhythm
Mental	13 (21%)	Numbers

Strom Thurman born 12-5-02

Confidence	13 (13%)	Personal
Emotional	18 (29%)	Biorhythm
Mental	8 (51%)	Numbers

These two senators are against the holiday. They are conservatives & conservatives do not like change. They are also against the Equal Rights Amendment (ERA).

Both men are natural children (#14 & 18 emotional). They will do what they can to get attention on themselves. Saying they are against this holiday & the ERA surely will turn heads & thoughts in their direction. Natural child types do not care if the attention is negative or positive as long as it is there.

Thurman is naturally racially prejudiced (51% mental) just as King was (58% mental). King could embrace the whole world (#0 emotional). He has the same emotional number the Pope has.

King needed to have people listen to him (58% mental). He had the confidence to go after what he wanted (74%). He would have been a very bossy man.

You can order your own character analysis. See order form, page 3.

RACIAL PREJUDICE - ORVAL FAUBUS

In 1957 Gov. Orval Faubus, of Arkansas, resisted federal attempts to integrate a high school in Little Rock. Federal troops began a 9 months occupation to protect 9 black students. In 1958 he closed the schools for a year.

What was there in Faubus' make up that made him racially prejudiced?

Born 1-7-10

Confidence	22 (91%)	Personal
Emotional	4 (71%)	Biorhythm
Mental	25 (51%)	Numbers

People who have their mental percentages in the 50s tend to be that way. Faubus has 51%. These people are also natural teachers. They are ones who need to be heard. They are opinionated.

Faubus is a natural parent type (#4 emotional). They care mainly for their own families, not others. He might have included the white students as part of his family & that would make him want to protect them from having to associate with blacks.

Faubus has the confidence to do what he wants. He is quite fearless (91% confidence). This is why he could defy the Federal Government.

The need to be heard, being a natural parent with a lot of confidence would have made him extremely bossy. He wants to be obeyed without being questioned.

Imagine one man being able to deny an education to all those children. No one person should have that much control over others.

The last I heard (1977) Faubus was a bank teller. Still telling people but with less power.

It is interesting to note that Martin Luther King Jr & Faubus were 83% alike in their confidence, 71% alike in their emotions & 94% alike in their thinking. They were overall 83% alike. Faubus fought for the whites & King for the blacks.

You can order your own character analysis and compatibility. This is just a mini one. See order form, pg 3.

Dear Irene,
Just last week I came back from an extended vacation in Germany...I just can not find all the words to tell you from the bottom of my heart how much fun I had with the Biorhythm; but it was not only fun I had with it but also I was able to give some very good advice. Most, not all, was greatly appreciated. I saw so much unhappiness & suffering, it hurts to see it. I knew why, I could tell why, but people just loved their misery, physical & psychological, instead of letting go what is hurting them. I guess the lesson I have learned was; let people live unhappily; & also of becoming more tolerant.

I.P., Berkeley Calif.

Dear I.P.,
Biorhythm character analysis & compatibility has taught me the same lesson. I also realize even tho someone might reject what I have said to them at the moment, the information has been put into their minds to use at a later date when they are able. Peace, Irene

RESPONSIBLE FOR DEATHS

Princess Di is a natural child type. That type needs more attention than the average & will do anything to get it.

There have been a number of deaths around her & she is saying she has reached the point where she does not want to make any more new friends for fear they will die too. This makes her appear to be a caring, loving person.

After World War II a natural child type of German descent said she felt responsible for the terrible things the German government (Nazis) did. Saying something like this gets the natural child type attention & that is what they have in mind. People will want to protect them & tell them what wonderful people they have to be to feel that way about others. What they have said is not important. The attention is. You have to take what a natural child type says, with a grain of salt. Do not take their tales of woe to heart. They will play the role of a martyr to get people on their side but they might not be martyrs. They are born actors who are playing a role all their lives, from the moment they were born.

RAPISTS

In the early days of psychiatry they used to blame the mother for the insecurities the male felt after he matured. With the advent of the Women's Liberation Movement, you do not hear the psychiatrist putting the blame on the mothers anymore. Women are tired of being blamed for all the ills.

Because men did/do not take much of a hand in raising their children, it puts the upbringing on women (mothers & female tea-

chers). Naturally the males would feel it was their fault they feel inferior & insecure. If the fathers did their share the males could blame males too.

People who have low physicals (low confidence) feel inferior naturally. They are born that way. It is not what someone does to them that makes them feel this way. When a male also has a need to be in control & to have power over others (high mental percentage. The mental percentage is not the intelligence), he tends to blame these inadequate feelings on the females in his childhood. He reasons it must be their fault because they raised him & they had power over him & did not let him do the controlling. If this type did not get to have the power they needed as a child, as adults they could take their power with anger.

This is the combination (low confidence, high mental percentage) that creates rapists. Rape is an act of hatred. If the father had had a hand in raising this boy would he put so much blame on women? Probably would find some reason anyway.

Naturally not all men with this combination become the type of rapists that goes to jail. They can become the type that forces his wife to have sex & can get very aggressive if she refuses him. He is not a very sexy man but he does need power & that is one way he can show & get it.

This combination belongs to the "typical" politician. When we have presidents with this combination we have wars (JFK, FDR). That is rape in a sense.

When this type becomes a boss they are likely to chase the shy ones, the ones they know will be afraid to make trouble for them, around the desk hoping she will continue to say no but needing to have power over the female. That sexual harassment is also rape in a sense.

The male who has a high mental percentage (need to dominate) is a natural male chauvanist. That is why he blames women for his problems.

Give the low confidence child a lot of honest praise (pats on the head) & less critism. That will keep them from growing up with so much anger.

NICE GUYS cannot understand why a woman would leave them in favor of a man who is rough with them. No one likes to be around someone who acts afraid of them. Some nice guys are so afraid of doing something the woman does not like that they are very boring. Remember, the women you date are not your mother or teachers who want you to be perfect and to obey. You need to give yourself permission to treat the opposite sex as you would a good friend. You don't agree with or do everything a friend says. And, stop being afraid of her. She is not going to punish you if you speak up and out.

Where you were praised for being such a good boy when you were young, if you act the same way in your adulthood you will be too boring to stay around.

30% of those in Los Angeles COUNTY JAIL (& most large city jails) are there for victimless crimes. We cannot legislate morality. Keep the jails free for the criminals who harm others.

OPPOSITE PERSONALITIES ATTRACT if one does not like themselves. Never get involved with someone who has an opposite personality. It is like trying to mix oil with water. Life will become a hell for you both.

The most expensive BACON always has an even amount of meat. The cheapest bacon would be more uneven but is likely to have more meat & less fat.

Actor Victor Mature was the first to be called "The hunk". The news media called him the "beautiful hunk of manure." They did not like him.

These people had to be extremely silent & careful to keep from getting discovered. That was not easy for Anne. She was the type who had to have attention (#20 emotional). She was a martyr who was attracted to the unusual & to trouble (46% mental). She loved to say & do things to shock. She took advantage of this situation by climbing into bed with her father at night when they could hear the shelling outside. No one could do anything to stop her from doing this. She wrote "I know that is childish." She was a natural child.

Anne was happy in the concentration camp after being shut up in the attic for so long. She is the type who would gain energy from the outdoors (13% physical).

Anne wrote she wanted to go on living even after her death. She is, thru her diary.

Anne was murdered by the Nazis 7 weeks before Holland was freed when she was 15 years old.

G. GORDON LIDDY born 11-30-30

Confidence 3 (74%)
Emotional 16 (14%)
Mental 16 (3%)

is trying to find work as an actor. He is a natural born actor who needs a lot of attention (#16 emotional). He is excellent with detail work (3% mental). He is sure he is right all the time & does not like being controlled by anyone.

Being a natural child, he cares mainly for himself & his wants. He will solve problems the way a child would. He does childish things to get attention like holding his hand over a burning candle for 1 minute at a party thinking he was proving how brave he was.

Liddy spent 4½ years in prison (Watergate break-in) because he refused to talk about Watergate. Now he says he will talk to the press when the time is right. He would pretend he has a lot of secrets to keep the press interested in him, & paying attention to him. It is my contention Liddy is "Deep Throat". Sun Signs-Moon Signs book by Jefferson Andersen calls someone born on his birthdate "The Tattler."

Liddy says he admires Hitler. That gets him attention. He is content with himself. He has a very large ego. Anyone [illegible]him could not do much undercover [illegible]e [illegible]ant everyone to know [illegible] praise him.

EDGAR ALLAN POE

Poe was an American poet, story writer & literary critic. Poe was considered to be a "cry baby" & a pest. He was an alcoholic. The stories he wrote must have come to him when he was in the depths of despair.

Born 1-19-1809

Confidence 8 (30%)
Emotional 6 (57%)
Mental 9 (46%)

His works have romance because he was a romantic (30% physical). Much of his work is morbid. His favorite subject was death. It is his martyr mental that bent him in that direction (46% mental). Poe was a master teller of tales. He had a need to have people listen to him (46% mental). He was a natural teacher. He was opinionated.

When Poe was 27 he married the 14 year old daughter of his aunt. Poe lacked confidence (30%) & would have felt more comfortable with younger people. He also was a natural parent type (#6 emotional) & that too would draw him to child types.

His wife had a long illness & died when she was 25. His physical & mental condition grew steadily worse. He attempted suicide. He would have been attracted to suicide because he was a martyr but his lack of confidence (30%) made him too afraid to really kill himself. If he had a lot of confidence he might have done it. Martyrs are attracted to self destructive things & relationships. They love to complain and wallow in [illegible]y. They tend to re-[illegible]ts to take their troubles away from them. They seem to have to get their fill in their own time.

Poe died when he was 40 years old.

About 1938/9 the fad was for girls to wear boys heavy, stiff denium pants. They didn't make any for girls. The pants were too large at the waist & too small in the crotch. They were miserable to wear. But, like all teenagers we had to do something different even if it made us unhappy.

Someone told the manufacturers the pants were too short in the crotch. The next season they had slacks for females & the crotch was so long it went half way down our thighs. Was that meant to be funny? It looked silly but were the only pants we had to wear that at least were comfortable.

Have a nice day!
